The European Union Brent F Nelsen Alexander C-G Stubb boken PDF

This new edition of the leading reader on European Integration makes conveniently available to students the key texts of politicians and scholars. The first section, presents the key visions of the primary shapers of the union now including the reflections of current European leaders on the crisis in Europe. The second and third sections bring together the seminal work of early scholars as they struggled to understand postwar European integration and influential work from the 1980s and 1990s. The final - comprehensively revised and updated - section explores recent theoretical developments in scholarship.
